DETAILED ACTION

Response to Amendment

1. The amendment filed 2/6/2006 has been entered; no new claims have been introduced.

Allowable Subject Matter

2. Claims 39-43 allowed. Are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter:
The prior art fails to disclose a method for fabricating a liquid crystal display device including the step of exposing and developing a resist film and forming a resist pattern having a shape of a pixel electrode pattern in which multiple branches extend outwardly from both side of a main stem connecting among the multiple branches. The above limitations in combination with other claim limitations are not taught or fairly suggested by the prior art nor would it be obvious to modify the references of record so as to fabricate the liquid crystal display device of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571) 272-1921.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nathan Flynn can be reached on (571) 272-1915.
